

## RESURRECTION LUTHERAN CHURCH NEW LOGO CONCEPT

Grow in faith. Spread the Gospel. Plant new sites. This logo represents spiritual growth in the combined image of a cross and a tree.

To grow in faith we must first grow deep roots. The roots represented in this illustration are made of two common Christian symbols. The first being the Christian fish symbol and the second the almond shape, which represents the intersection of Jesus' human and Divine natures.

The cross is mimicked from the cross on the closed tryptic doors and the service folder Pastor uses to lead worship. The buds at the ends of each extension of the cross, point in all directions representing the growth and spread of faith among all people.
